

PM306

Transmove VI FE Multifunctional Full Synthetic Automatic Transmission Fluid

A premium quality, full synthetic-based automatic transmission fluid for use in a wide range of automatic transmissions

Product Information

PM306 Transmove VI FE is engineered for modern automatic transmissions. PM Lubrication's superior technology promotes longer transmission life. Transmove VI also exceeds the requirements of the JASO-1A performance requirements for most Asian automatic transmissions

PM306 Transmove VI FE provides enhanced protection and durability over prolonged service periods

Other Advantages include:

- **High-Temperature Protection which in turn lowers the oxidation rate.
- **Low viscosity resulting in fuel efficiency gains.
- **Frictional durability resulting in smooth performance.
- **Recommended for most modern automatic transmissions requiring lower viscosity fluid.

PM Lubrication's **XPR** (Xtra Protection Reserve), has been engineered into this fluid and is an ideal addition to modern automatic transmissions.

Typical Properties:

Viscosity@40°C	29.7 cSt
Viscosity@100°C	6.4 cSt
Pour Point	-44°C
Flash Point	200°C
Viscosity Index	182
Colour	Red
Density @15°C Kg/L	0.843

Approved Service Classifications:

Audi G 052 025-A2; Audi G 052 162-A1
Ford Mercon® V
Ford FNRS
Dexron® VI
Honda DW-1
Hyundai SP-II, SP-III, SP-IV, NWS-9638
JASO 1A-LV
MB 236.12,236.14
Mitsubishi ATF-J2
Nissan Matic-S
Toyota T-III, T-IV, WS
VW G 055 005, G 055 162, G 060 162, G 055 540
ZF 6,7,8 & 9 Speed Transmissions

Note: For ZF 3,4 & 5-speed transmissions
Use PM Lubrication 308 Multi-Purpose Fluid

Benefits:

- Reduces Friction
- Improves Power
- Fuel Conservation
- Lower Wear Rates
- Prolonged Service Life
- Exceptional Cleanliness
- Long Drain

Why PM Lubrication?

Maximize your machinery life, saving you THOUSANDS of dollars

Our Predictive and Preventative Maintenance Programme is **GUARANTEED** to save 15% of your total operating costs.

Available in 20L and 5L Containers
