

**A Synthetic Transmission Fluid Formulated to Conform to the Frictional Requirements of a Wide Range of Transmissions by Major Manufacturers**

### Product Information

PM308 Auto-TransLife MP, a full synthetic transmission fluid, is formulated with the latest base stock and additive packs to meet and exceed the specifications of modern transmissions, while delivering exceptional performance ratings in older vehicles that require the exact specifications. PM308 Auto-TransLife MP has been engineered to provide superior thermal stability and sustained protection. The multi-purpose transmission fluid specifications make it suitable for a wide range of passenger and commercial vehicles. PM Lubrication's XPR (Xtra Protection Reserve) delivers superior performance in both older and late-model vehicles. It provides exceptional wear protection, oxidation resistance, sludge and varnish control, and high shear resistance, extending fluid and component life. Frictional stability and low-temperature properties produce smoother performance. PM308 Auto-TransLife MP has excellent oxidation resistance and anti-shudder characteristics. Anti-foaming has also been addressed to ensure optimal fluid dynamics across all lubricated surfaces.

### Typical Properties

Viscosity	
Viscosity @ 40°C	35 cSt
Viscosity @ 100°C	7.3 cSt
Pour Point °C	-44 °C
Flash Point COC °C	200 °C
Viscosity Index	180
Colour	Red
Density @ 15°C kg/L	0.846

### Approved Service Classifications

Allison C-4	MAZDA ATFIII, ATF-MV
Allison TES-295	BTR 85LE,95LE
Allison TES-389	MB 236.1,236.2,236.5,236.6 MB
Audi G 052 025-A	236.7,236.9,236.10,236.81 Mitsubishi
Audi G 052 162-A2	Diamond SP-II,SP-III
BMW LA2634 LT 71141	Nissan Matic-D, J, K
Chrysler ATF's Dexron®II,IIID,IIIG,IIIH,VI	Shell LA2634

JASO 1A	ZF TE-ML 03D, TE-ML 04D
JWS 3309	ZF TE-ML 09, TE-ML 14A
KIA SP-II, SP-III	ZF TE-ML 14B, TE-ML 16L
MAN 339F,339 V1	ZF TE-ML 17C,
MAN 339 V2, Z1	ZF Lifeguard 3,4,5 speed
MAN 339 Z2, 339 Z3	ZF 6,7,8 &9 speed transmissions use ATF 6FE

### Benefits

- Reduces Friction
- Improves Power
- Fuel Conservation
- Lower Emissions
- Lower Wear Rates
- Prolonged Service Life
- Exceptional Cleanliness
- Extra Long Drain

### PM308 Auto-TransLife MP

**Maximize your machinery life, saving you THOUSANDS**

### Why PM Lubrication?

- ❖ Premium Quality
- ❖ XPR Protection Reserve
- ❖ Cost Effective Lubrication
- ❖ On-Site Monitoring will maximise equipment life
- ❖ Knife Edge Filtration
- ❖ Our Predictive & Preventative Maintenance Programme is GUARANTEED to save 15% of your total operating costs

Available in 200L, 20L, 5L, 4 X 5L Containers

Issued January 2026
