

PM409

MotorLife Premium
SAE 10W40
API SN,CF, ACEA A3/B3, A3/B4

Advanced Performance & Protection For Everyday Driving

Product Information

PM409 MotorLife Premium provides excellent protection and is formulated using Group 2 Hydrocracked base oil and the latest additive technology. This premium quality engine oil meets and exceeds the API SN/CF and is suited for all types of petrol and light-duty diesel engines, both naturally aspirated and turbocharged, and gas engines as well as meeting the latest ILSAC energy-conserving ratings. This product will continue to perform under Australia's demanding conditions, such as high-temperature highway operation or lower-temperature everyday stop-start driving around town.

Viscosity shear is minimized which in turn provides enhanced thermal stability and will inhibit the formation of excessive contamination which could result from regular short running in a stop-start environment.

PM409 MotorLife Premium provides greater protection from the effects of oxidation and piston deposits keeping your engine running in peak condition for longer. This product will maintain superior lubrication properties under tough conditions.

Minimizes friction and wear while maintaining power output. Sustains oil pressure.

Incorporates all of PM Lubrication's Friction Reduction Technology.

Typical Properties:

SAE Viscosity	10W40
Kinematic Viscosity	
Viscosity @ 40°C cSt	90.6
Viscosity @ 100°C cSt	13.5
TBN	8.31
Pour Point °C	TBA
Flash Point °C	TBA
Viscosity Index	151
Ash, Sulphated	1.10
Density @ 15°C kg/L	0.866

Benefits:

- Reduces Friction and Wear
- Improves Power
- Exceptional Cleanliness
- Lower Wear Rates
- Sustains Oil Pressure
- Minimizes Oil Consumption
- Resists viscosity Thickening

Available in 205L, 20L, 5L Containers

Exceeds Service Classifications:

- API SN,CF
- ACEA A3/B3,A3/B4
- Ford M2C.153E
- Mercedes Benz 226.0,229.1
- Rover RES.22.OL.G-4
- VW 500,501,505

**PM409 ...good for petrol/diesel engines
in daily use**

DO MORE WITH LESS

Why PM Lubrication?

- ★ Premium Quality Lubricants
- ★ XPR Xtra Protection Reserve
- ★ On-Site Monitoring will maximize your equipment life
- ★ Micro-Filtration will extend engine life
