

# PM430

(Formerly R-011)

**MONO 30**  
Premium Engine Oil  
API SG CF-4

## Product Information

Mono 30 (formerly R-011) is an advanced monograde heavy-duty mineral oil for use in a wide range of petrol and diesel and naturally aspirated engines. The high film strength and load-carrying capacity of this lubricant will see engines experience lower wear rates and improved fuel economy.

Mono 30 combines high-quality paraffinic base oils, anti-wear, foam controlling additives, and high-temperature detergents, oxidation, rust, and corrosion inhibitors to achieve outstanding results in engine cleanliness, and performance. The lubricant also provides outstanding results in carbon deposit control in the upper piston region. The nature and formulation of a monograde produce benefits in the area of oil thinning, oil consumption. Corrosion and rust are also inhibited by this premium lubricant.

Mono 30 through its advanced formulation is a monograde engine oil for use in four-stroke unleaded, and diesel engines, naturally aspirated. Ideally suited to air-cooled stationary motors on pumps, compressors, conveyors, augers, four-stroke lawn mowers where a light viscosity monograde is recommended. This product meets the recommendation for Briggs and Stratton designed and produced engines.

**PM Lubrication's Mono 30 minimizes friction and wear while maintaining power output. Sustains oil pressure.**

## Typical Properties:

<b>SAE Viscosity</b>	30
<b>Kinematic Viscosity</b>	
Viscosity @ 40°C	107 cSt
Viscosity @ 100°C	11.9 cSt
TBN	6.4
Pour Point °C	-21
Flash Point °C	228
Colour	Natural
Viscosity Index	101
Ash, Sulphated Wt %	0.83
Density @ 15°C kg/L	0.895

## Exceeds Service Classifications:

- API SG, CF-4
- FORD M2C153,M2C101C
- GM 6094M
- JASO MA
- MB 226.1
- MIL-L-46152B, MIL-L-2104E

**PM430 MONO 30 - covers a wide range of applications.**

## Why PM Lubrication?

### Benefits:

- Reduces Friction
- Exceptional Cleanliness
- Lower Wear Rates
- Lower Emissions
- Fuel Conservation
- Resists Viscosity Thickening

- ★ **Guaranteed Cost-Effective**
- ★ **Lubrication with the adoption of premium quality lubricants and depth media filtration extends the life of the lubricant and componentry.**

Available in 205L, 20L, 5L Containers
