

Lithium 12 for Automatic Greasing Systems

Product Information

PM706 Grease EP-00 is an amber Lithium 12 Hydroxy grease that is formulated from the highest quality base oils and fortified with rust and oxidation inhibitors along with extreme pressure additives to ensure high film strength, extreme pressure, and anti-wear properties.

706 EP-00 is an "apple sauce" consistency, and its formulation is recommended for use with automatic greasing systems that require the correct formulation consistency for trouble-free operation.

Typical Properties:

		Method
NLGI Grade	00	ASTM 217
Appearance	Amber	
Texture	Smooth	
Viscosity Base Oil 40°C	180-210 cSt	ASTM D445
Viscosity Base Oil 100°C	15.5-17.5 cSt	ASTM D445
Drop Point °C	250	ASTM D2265
Four-Ball Weld, kg/f	40	ASTM D2596
Four-Ball Scar, mm	0.45	ASTM D2266
Rust Prevention	Pass	ASTM D1743
Timken OK Load, kg	18.14	ASTM D2509
Viscosity Index	80 min	
Pumpability	Excellent	
Worked Penetration 25°C	400-430/60 strokes	ASTM D1743

Benefits:

- **Automatic Greasing**
- **Increase bearing life with**
- **Optimum delivery via precise metering**
- **Reduces Maintenance Costs**
- **DO MORE WITH LESS**

Available in 20KG, 2.5KG Containers
